

## **TOTAL CLEFT CARE: From birth to adulthood**

**November 20-21, 2023**

### **Course Directors**

Nivaldo Alonso

Cristiano Tonello

### **Scientific Directors**

Melissa Zattoni Antoneli

Daniela Gamba Garib Carreira

Cleide Felício de Carvalho Carrara

Roberta Martinelli Carvalho

Renato Yassutaka Faria Yaedu

### **International Speakers**

David Chong – Australia

Ghulam Qadir Fayyaz – Pakistan

Juan Pablo Gómez – Colombia

Karen Goldschmied – Chile

Larry Hollier – USA

Loreto Castellon – Chile

Maria Costanza Meazzini – Italy

### **National Speakers**

Cássio Eduardo Raposo do Amaral – Campinas/SP

Daniela Tanikawa – São Paulo/SP

Marcelo Vaccari – São Paulo/SP

Marcus Vinicius Collares – Porto Alegre/RS

Renato da Silva Freitas – Curitiba/PR

Rosa Helena Wanderley Lacerda – João Pessoa/PB

Rui Pereira – Recife/PE

**Local Speakers (HRAC-Bauru)**

Ana Paula Fukushiro

Carlos Eduardo Bertier

Cláudia Resende Leal

Cleide Felício de Carvalho Carrara

Cristiano Tonello

Daniela Gamba Garib Carreira

Eudes Soares de Sá Nobrega

José Fernando Scarelli Lopes

Luciano Brandão Machado

Melissa Zattoni Antoneli

Nancy Mizue Kokitsu Nakata

Nivaldo Alonso

Maria Inês Pegoraro-Krook

Otávio Pagin

Renata Paciello Yamashita

Renato André de Souza Facó

Renato Yassutaka Faria Yaedu

Roberta Martinelli Carvalho

Rodrigo Delamano Criado

Suely Prieto de Barros

Telma Vidotto de Sousa Brosco

Terumi Okada Ozawa

Tiago Turri de Castro Ribeiro

Victor Zillo Bosi

### **COURSE DESCRIPTION**

This two-day course will review, in chronological order, all cardinal procedures performed in cleft lip and palate reconstruction. This will include primary and secondary reconstruction of the lip, nose, alveolus, and palate, pharyngeal surgery, fistula repair, alveolar reconstruction, orthognathic surgery, distraction osteogenesis, definitive rhinoplasty, and challenging cases.

This live activity will feature the international leaders in cleft care who will present, compare, and contrast the state-of-the-art techniques of the field. The course format will focus on the technical aspects of surgery and its indications, encouraging active discussion by the faculty and participants.

### **EDUCATIONAL OBJECTIVES**

After participating in this activity, clinicians should be able to:

- Describe the significant techniques of primary unilateral and bilateral cleft lip repair
- Describe the cardinal techniques in primary cleft rhinoplasty, the indications of revision rhinoplasty, and the technical approach to mature cleft rhinoplasty
- Describe ways to achieve comprehensive cleft care.

## **TARGET AUDIENCE**

Surgeons, orthodontists, speech pathologists, and trainees actively involved or interested in the care of cleft lip and palate, including specialists in plastic surgery, otolaryngology, and oral and maxillofacial surgery.

## **LOCATION**

Hospital of Rehabilitation of Craniofacial Anomalies- University of São Paulo. Bauru-SP-Brazil.

## **AGENDA**

### **DAY 1 - Monday, November 20, 2023**

#### **7:00- 8:00 Registration**

#### **8:00 Introduction**

**Brazilian National Anthem**

**Welcome Speech**

Nivaldo Alonso – *Total Cleft*

Larry Hollier – *Smile Train*

Carlos Ferreira dos Santos – *HRAC-USP*

Danilo Arruda de Souza – *HCB*

Tales Rubens de Nadai – *Medical School FOB/USP*

Rafael Custódio – *Smile Train*

#### **8:15-8:45 Great topics**

**8:15 The world's cleft care panorama. Larry Hollier**

**8:25 Brazil and University of São Paulo's cleft care history. Nivaldo Alonso**

## **8:45-10:00: Presurgical Care**

*President: Eudes Soares de Sá Nóbrega*

**8:45 Speech pathology checkpoints in comprehensive cleft care.** *Melissa Zattoni Antoneli*

**8:55 Implementing Scanning and 3D tools for dental documentation.** *Cleide Felício de Carvalho Carrara*

**9:05 The nutritional status as a barrier to golden time in cleft care.** *Suely Prieto de Barros*

**9:15 Local blockage in CLP and novel anesthesiology approaches to syndromic cases.** *Luciano Brandão Machado*

**9:25 New insights in cleft genetics.** *Nancy Mizue Kokitsu Nakata*

**9:35 Minimizing burden of care with new technologies.** *Juan Pablo Gómez*

**9:45 Discussion**

**10:00- 10:30 COFFEE BREAK**

## **PRIMARY REPAIR- SOFT TISSUE**

### **10:30-11:45 Unilateral Primary Lip and Unilateral Primary Nose**

*President: Renato da Silva Freitas*

**10:30 Fisher technique and nasal treatment.** *David Chong*

**10:45 Evolution from rotation-advancement to linear technique.** *Nivaldo Alonso*

**11:00 Is nasal elevator enough to correct nasal asymmetry? The nasal foundation approach.** *Daniela Tanikawa*

**11:15 Does pre-surgical orthopedics have an impact on alveolar and lip repair?** *Cristiano Tonello*

**11:30 Discussion**

**11:45- 13:00 Bilateral Primary Lip and Bilateral Primary Nose**

*President: Rodrigo Delamano Criado*

**11:45 Melbourne approach to BCLP. David Chong**

**12:00 Why repair the BCLP in two stages? Renato da Silva Freitas**

**12:15 Vomer flap, columella elongation and lip scar with Spina technique. Victor Zillo Bosi**

**12:30 Primary setback and cleft lip repair in BCLP. Cassio Raposo do Amaral**

**12:45 Discussion**

**13:00- 14:30 LUNCH BREAK**

**14:30-15:45 Primary Cleft Palate**

*President: Cássio Eduardo Raposo do Amaral*

**14:30 My personal reasons to choose Sommerlad instead of Von Langenbeck or Furlow.**

*Telma Vidotto de Sousa Brosco*

**14:45 One or two stages for palate repair? Rui Pereira**

**15:00 Proper evaluation of success in palate repair. Karen Goldschmied**

**15:15 Repairing a wide versus a regular cleft palate: how different is it? Ghulam Fayyaz**

**15:30 Discussion**

**15:45-17:00: VPI management and fistula repair**

*President: Melissa Zattoni Antoneli*

**15:45 Re-palate repair: the Sommerlad technique outcomes. Carlos Eduardo Bertier**

**16:00 Short palate: how do we do pharyngeal flap? Ghulam Fayyaz**

**16:15 Nonsurgical management of large fistula and VPI. Maria Inês Pegoraro Krook**

**16:30 Personal algorithm for fistula repair.** *Ghulam Fayyaz*

**16:45 Discussion**

**17:00 Opening Presentation**

**19:00 Social program - Gala dinner (tickets sold separately).**

**DAY 2 - Tuesday, November 21, 2023**

**HARD TISSUE AND FACIAL MATURITY**

**7:30-8:45 The Growing Skeleton- Part I**

**President:** *Juan Pablo Gómez*

**7:30 Pre-grafting protraction of segments in UCLP.** *Maria Costanza Meazzini*

**7:45 Are we still discussing maxillary expansion pre-ABG?** *Terumi Okada Ozawa*

**8:00 Predictors of failure in autogenous bone graft.** *Roberta Martinelli Carvalho*

**8:15 Is it possible to have success with GPP and no pre-surgical orthopedics?** *Marcus Vinicius Collares*

**8:30 Discussion**

**8:45-10:00: The Growing Skeleton— Part II**

**President:** *Terumi Okada Ozawa*

**8:45 Nonsurgical correction of severe vertical excess of the premaxilla.** *Maria Costanza Meazzini*

**9:00 Premaxillary setback is for complex cases only?** *Renato Facó*

**9:15 Effects of early intervention in maxillary growing.** *Marcelo Vaccari*

**9:30 Autogenous bone graft and large anterior fistulas in BCLP.** *Ghulam Fayyaz*

**9:45 Discussion**

**Coffee break- 10:00 - 10:30**

**10:30-11:45 The Mature Skeleton: Part I**

***President: Cristiano Tonello***

**10:30 Long term results in late orthopaedic maxillary protraction in CLP.** *Maria Costanza Meazzini*

**10:45 Does pre-surgical orthopedics avoid orthognathic surgery?** *Daniela Garib*

**11:00 The challenging decision between conservative and surgical treatment.** *Renato Yaedu*

**11:15 Post-surgical orthodontics: how long should it take?** *Tiago Turri*

**11:30 Discussion**

**11:45-13:00 The Mature Skeleton: Part II**

***President: Ana Paula Fukushiro***

**11:45 How do we prevent maxillary advancement recurrence?** *Maria Loretto Castellón*

**12:00 Speech pathology approach after orthognathic surgery.** *Karen Goldschmied*

**12:15 Maxillary advancement and VPI: Does it happen?** *Renata Paciello Yamashita*

**12:30 Is early orthognathic surgery a good practice?** *Claudia Resende Leal*

**12:45 Discussion**

**13:00-14:30 LUNCH BREAK**

### **14:30-15:45: Final Refinements**

*President: Otávio Pagin*

**14:30 Concerns about cleft rhinoplasty since primary to definitive surgery. *David Chong***

**14:45 Dental aesthetic refinement in cleft care. *Fernando Scarelli Lopes***

**15:00 The art of the strategic ending: a dive into orthodontic cleft treatment planning. *Rosa Helena Wanderley Lacerda***

**15:15 Why are we waiting? Implementing available technologies to predict results, plan and treat better. *Renato Yaedu***

**15:30 Discussion**

### **15:45-17:00 Special Topics**

*President: Renato da Silva Freitas*

**15:45 The best practice in Robin Sequence. *Marcus Vinicus Collares***

**16:00 Surgical treatment of syndromic cleft. *Cristiano Tonello***

**16:15 Mercy ship experience in complex craniofacial cases. *David Chong***

**16:30 Surgical approach in rare facial clefts. *Nivaldo Alonso***

**16:45 Discussion**

**17:00 - Conclusions / Closing ceremony.**
